RE: NVIDIA GPU Litigation (Case #08-CV-04312-JW)

Honorable Judge Ware,

I am writing to request that my two HP/Compaq laptop model numbers be added to the class action law suit referenced above. Both units have Nvidia chipset motherboards and suffer from "failure to detect the wireless device". HP recommended that I install a bios update that would spin the cooling fan faster. Both of these models failed just weeks after expiration of the warranty period. The models are as follows:

- 1) Compaq Presario F700 (F730US)
P/N: GR967UA#ABA
- 2) HP Pavilion TX1000 (TX1499US)
P/N: KC479UA#ABA

I thank you for your valuable time in regards to this matter.

Sincerely,

James E. Meehan
